

# 2017 Sonshine Swim School Class and Camp Schedule

(501) 327-7742    www.sonshineacademy.com

rev. 3/31/17

**Sonshine Swim School runs May 15 - August 4**  
**Minnow classes are 30 minutes long and all other classes are 40 minutes long.**

**All classes are Monday - Thursday.**

**Fridays are reserved for make up classes in case of cancellations due to inclement weather.**

**\*\*\* No classes on Mon. 5/29, (Memorial Day). Memorial Day classes will be made up on Fri. 6/2.**

**\*\*\* No classes on Tues. 7/4 (Independence Day). July 4th classes will be made up Fri. 7/7.**

## Levels

### **Minnows = 6 to 36 months old. Adult participation and interaction!**

Minnows are swim lessons for 6-36 month olds. Minnows are broken into 3 groups based on age: Level 1 (6-12 months), Level 2 (13-24 months), & Level 3 (25-36 months). The goal for minnow's is to develop a comfort in and under water; and to teach water safety to both the child and caregiver.

**All minnows will be required to wear a disposable swim diaper AND a reusable swim diaper (both may be purchased in our pro shop).**

### **Otters = 3-5 year olds & 6-12 year olds**

Otters are beginner swimmers. These students will probably be a little anxious about swim lessons and have little swimming experience. Otters will work on becoming comfortable in the water, with an end goal of full body submersion.

### **Angel Fish = 3-5 year olds & 6-12 year olds**

Angel fish voluntarily submerge themselves underwater. They will work on improving their breath control, floating independently in water, and the basics of the front crawl.

### **Sting Ray = 3-5 year olds & 6-12 year olds**

Sting Rays should be comfortable in the water and able to float independently for 5 seconds. Sting Rays will learn how to roll over out of a float, hold their breath 7-10 seconds, front crawl the width of the pool, and jump in and return to the wall safely.

### **Barracuda = 3+ year olds**

Barracudas should be comfortable and confident in the water. These swimmers are not beginners and are ready to learn swim strokes.

Barracudas will learn the basics of the freestyle stroke, how to tread water for up to 2 minutes, roll over breathing, and object retrieval.

### **Sharks = 4+ year olds**

Sharks are confident in the water and are ready to learn more difficult skills. Sharks will learn breast stroke,

how to swim the length of the pool, and assisted shallow water diving.

### **Dolphins = 5+ year olds**

Dolphins are advanced swimmers and should be able to swim the length of the pool before entering this class.

They will learn backstroke, survival float, and shallow water diving independently.

## Registration & Tuition Information

**Registration:** If your child's annual registration is current because they participate in other Sonshine Academy programs (gym, dance, cheer, etc.), no registration fee applies for swimming. However, if the only program your child will be participating in is swimming, the registration fee is \$8 per child per summer. There is no registration fee for swim camps. A student is considered registered for a class when all registration fees and tuitions are paid in full.

**Make-up Policy:**

Classes= Make-ups are allowed for classes only.

Camps= No make-ups or refunds for personal absences, illness, vacation, etc.
