1 week Camps May 20-23 & May 28-31. //// 8 week session of Classes June 3-July 25.

Minnows classes are 30 minutes long and all other classes are 40 minutes long.
All Classes are once per week for an 8 week session. No class on Independence Day. Classes that are cancelled due to holiday or inclement weather will be made up on Friday at the normal class time.

Levels

Minnows = 6 to 36 months old. Adult participation and interaction! 30 minute class.

Minnows swim lessons are for 6-36 month olds. Minnows are broken into 3 groups based on age: Level 1 (6-12 months), Level 2 (13-24 months), & Level 3 (25-36 months). The goal for Minnows is to develop a comfort in and under water; and to teach water safety to both the child and the adult. **All Minnows are required to wear a disposable swim diaper AND a reusable swim diaper (both are available for purchase in our pro shop).**

Otter = 3-6 year olds & 7-12 year olds. 40 minute class

Otters are beginner swimmers. These students will probably be a little anxious about swim lessons and have little swimming experience. Otters will work on becoming comfortable in the water, with an end goal of full body submersion.

Angel Fish = 3-6 year olds & 7-12 year olds. 40 minute class

Angel fish voluntarily submerge themselves underwater. They will work on improving their breath control, floating independently in water, and the basics of the front crawl.

Sting Ray = 3-6 year olds & 7-12 year olds. 40 minute class

Sting Rays should be comfortable in the water and able to float independently for 5 seconds. Sting Rays will learn how to roll over out of a float, hold their breath 7-10 seconds, front crawl the width of the pool, and jump in and return to the wall safely.

Barracuda = 3+ year olds. 40 minute class

Barracudas should be comfortable and confident in the water. These swimmers are not beginners and are ready to learn swim strokes. Barracudas will learn the basics of the freestyle stroke, how to tread water for up to 2 minutes, roll over breathing, and object retrieval.

Sharks = 4+ year olds. 40 minute class

Sharks are confident in the water and are ready to learn more difficult skills. Sharks will learn breast stroke, how to swim the length of the pool, and assisted shallow water diving.

Dolphins = 5+ year olds. 40 minute class

Dolphins are advanced swimmers and should be able to swim the length of the pool before entering this class. They will learn backstroke, survival float, and shallow water diving independently.
